History of Miracle Valley

God spoke to a young rancher in Arizona, Brother Urbane Leiendecker...

Brother Leiendecker had just been filled with the Holy Spirit. He was communing with God, asking how he could fulfil the call the Lord had given him to send the Gospel throughout the world, a living Gospel, confirmed by signs, wonders and miracles.

As he sat there for a few moments in his pick-up truck in front of the range house, the very stars seem to grow and draw nearer until he seemed engulfed in a blaze of light. Then God spoke to him...

"My son, from this place the Gospel shall go out to all the world...with signs, wonders and miracles. Lo, from the far away places, they shall come to this valley to be instructed and taught of My way, and from here they shall go to take the world My deliverance..."

A short time later, as Brother Leiendecker was praying and asking God how all this was to come about, and what he should do toward bringing it to pass, God spoke to him again and said *"Give this ranch to A.A.Allen, for My glory!"*

Not fully understanding the Lord's plan, he tried to sell the range
